BALANCE

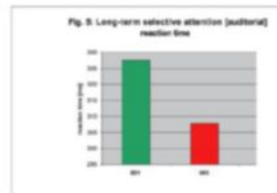

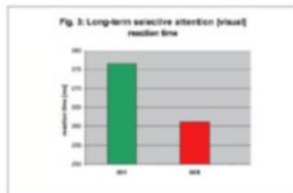

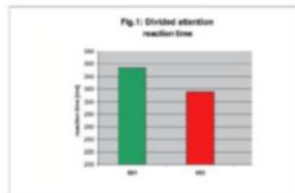

Client:

Test report no. 11.8.5-0144/1 December 7th, 2011.

The Hohenstein Institute (www.hohenstein.de) investigated the influence of clothing treated with Balance on mental performance.

Sample number	Name	Test sample	Finish
11.8.5-0144-1	001	T-Shirts Bio Cotton Migros	Placebo
11.8.5-0144-3	003	T-Shirts Bio Cotton Migros	Paste with Balance technology

The results of the study show that testers wearing the T-shirts with Balance reached a faster response time for both visual and auditory stimuli compared to those wearing the placebo, which corresponds to an increased speed of information processing.
